SUMMARY

Highly motivating and professional trainer with over than 20 years of experience in business and 14 years in training. I have successfully trained groups at various levels from students to business owners. Throughout my career, I have had the opportunity to work with diverse industries and organizations, providing customized training programs that align with their specific needs. In addition to my training background, I am also a successful multiple business owner. As an entrepreneur myself, I understand the challenges that businesses face on a daily basis and how effective trainings can be for their growth and success.
